## Dual Compost Tumbler

**\$440**

*Our 360 litre Twin Compost Tumbler enables you to have organic, rich compost every 7 days and only requires five revolutions once a day once full.*

*Our Composters are guaranteed for long life, completely rust free, UV Stabilised, WA made, Food grade, vermin proof, Recyclable and available in green & Black.*

### How to use the Compost Tumbler

*Anything organic can be added to the tumbler, including fruit, vegetable scraps, tealeaves/bags, coffee grounds, weeds and garden cuttings (no meat). You will also need dry materials such as sawdust, shredded newspaper, dry leaves and egg cartons.*

*Once loaded the natural aerobic bacteria will develop a 'heat zone' within the combined materials, these high temperatures break down the contents, killing any micro-organisms.*

# Single Compost Tumbler

**\$295**

We also have a smaller version – the 220 litre single Compost Tumbler for fresh compost every 14 days!

Compost conditions the soil, helps retain moisture and encourages earth worms to feed and aerate the soil. It also promotes healthier, disease resistant plants.

**Turn your organic  
waste to compost in  
just 14 days!**

**Dimensions:**

- Dual: 930 H x 1200 W x 750 D
- Single: 930 H x 800 W x 750 D

**All products are:**

- UV stabilised
- WA made and designed
- Made from impact resistant Polyethylene
- Food safe and water potable
- Multiple colours available
- Completely rust free & Recyclable
- Guaranteed long life
